News Briefs

William B. Kerr, Administrator of Inpatient Services at UCSF Hospitals and Clinics, has been appointed Acting Director of Hospitals and Clinics announced Chancellor Francis A. Sooy. Mr. Kerr takes the place of Robert A. Derzon who has resigned as of April 15 to become Administrator of the Health Care Financing Administration (HCFA), newly created division of the U.S. Department of Health, Education and Welfare (HEW).

In this position, Mr. Derzon will have responsibility for the country's two largest health care programs - Medicare and Medicaid, which help pay medical costs for the elderly and the poor - 25 million persons - and together amount to $38 billion a year. Mr. Kerr has worked with Mr. Derzon in various administrative capacities, both in New York and at UCSF since Kerr came to the campus in November, 1970. Prior to Kerr's coming to UCSF, he served as Assistant to the Commissioner, Department of Hospitals, New York City. In this capacity he directed and coordinated efforts relating to both operational systems and capital construction projects. He also held wide community relations reponsibilities. Also in New York, he served as Executive Assistant for Hospital Administration, New York City Health and Hospitals Corporation.

Sol Silverman Jr. is the chairman of the new Department of Oral Medicine and Hospital Dentistry, announced Chancellor Sooy. Dr. Silverman is Professor and former Chairman of the Division of Oral Biology, UCSF. He received his Master of Arts degree in Physiology in 1951 from UC-Berkeley and his D.D.S. degree in 1954 from UCSF where he has served on the faculty of the School of Dentistry since his graduation. Dr. Silverman is a national and international authority on the subject of oral cancer and oral medicine.

Chairman of the new Division of General Dentistry is Samuel J. Wycoff, announced Chancellor Sooy. The Division includes the disciplines of Oral Diagnosis, Oral Radiology and Preventive Dentistry and Community Health. Dr. Wycoff is Professor and former Chairman of Preventive Dentistry and Community Health, UCSF and Professor of Public Health, UC-Berkeley. He received his D.M.D. degree from the University of Alabama in 1954 and his Master of Public Health degree in 1959 from the University of Michigan. Dr. Wycoff is Secretary of the San Francisco Division of the Academic Senate and is Chairman of the Academic Senate's Committee on Rules and Jurisdiction. His principal research has been in the fields of preventive dentistry, epidemiology, community dentistry and health care administration.

Win a ten-speed bike, jogging shoes or a MUNI fast pass for the best suggestion on how to ease our transportation and parking problems at the first UCSF Transporation Fair Days on April 13 and 14. The Fair will offer, besides the Suggestion Contest, a forum sponsored by the Staff Employee Council with Chancellor Sooy, Asst. Vice Chancellor Robert Cannon and Curtis Green, MUNI General Manager, addressing the problem of transportation and answering questions from the audience. Exhibits and information tables will be set up in Medical Sciences, Moffitt, and Ambulatory Care Center lobbies and displays offered by the campus transportation office, transit systems in the bay area and bike and jogging clubs. POOL IT WEEK will follow April 25 - 29 in which faculty, staff and students will be encouraged to make a genuine effort to give up their single-occupant vehicles for the week. For further information call x3206.

UCSF School of Medicine's Homecoming '77 is planned for Friday and Saturday, May 6 and 7. In conjunction with Homecoming, Edward H. Kass, '47 alumnus, has been named first Alumni-faculty Association Alumnus Visiting Professor. Dr. Kass is the William Ellery Channing Professor of Medicine at Harvard Medical School, and Director of the Channing Laboratory of Boston City Hospital where he is working on the epidemiology of infectious diseases. Dr. Kass will be spending Homecoming Week on the UCSF campus. He will be speaking at Medical Grand Rounds on May 4 in Cole Hall, on the "Use and Abuse of Antimicrobial Drugs in General Hospitals". This years Homecoming offers an exciting scientific program featuring sessions throughout Friday on some of the challenges facing the medical world today. Members of the medical school faculty will be making presentation in Cole Hall on the topics "Clinical Genetics", "Computed Tomography", "Studies in Fetal Circulation", "In Love With Heme, We All Need It", "The Right to Live or Die", and "The Greatness of the Toland Hall Frescoes". All alumni, spouses, and guests are invited to join the Faculty and the Dean of the School of Medicine during Homecoming '77.

The UCSF Medal Award will be presented on April 18 by Chancellor Francis A. Sooy. The Medal Award is given each year to not more than four individuals, two from the community and two from this campus, who have made a major personal contribution to the campus and community. The award was conceived to replace honorary degrees, which are no longer given by the University. Each October the Chancellor appoints an advisory committee to recommend candidates for the award based on responses to a letter asking for nominations. After recommendations of the committee are approved, the awards are presented at a special dinner, to be held this year at the Bohemian Club.

SFGH Briefs

With the opening of the Child and Adolescent Sexual Abuse Treatment Center at SFGH, the Sexual Trauma Center announces an intensified program of crisis counseling, information and referral for young people and their families. The SFGH program has been instituted by Delmer Pascoe, director of the SFGH Pediatric Outpatient Clinic and UCSF Clinical Professor of Pediatrics. It will offer round-the-clock examination and treatment of sexually traumatized children and adolescents at no charge in a non-threatening, non-judgmental atmosphere. A citywide educational campaign has been begun by the Sexual Trauma Center to let young people know of this new service. The Sexual Trauma Center is located at Central Emergency Hospital, 136 Polk Street. Telephone, 588-3824.

Michael R. Marron has been elected President of the Volunteers to SFGH Medical Center, succeeding W. John Miottel, Jr., president for the last two years. Miottel will serve as Vice-president for the 1977-78 term. The new president is a partner in the law offices of Steinhart Goldberg, Feigenbaum and Ladar. A graduate of Yale University and Harvard Law School, he is a past president of the San Francisco Barristers' Club and has been on the Executive Committees of the State Bar Association and the San Francisco Neighborhood Legal Assistance Foundations.

A bronze plaque has been placed in the lobby of the outpatient wing of the new SFGH Medical Center, dedicating the Outpatient Division in honor of Thomas J. Mellon, former Chief Administrative Officer of the City and County of San Francisco. He was a major force in the development of the new medical center, which was opened in July, 1976.

The Clinical Pharmacology Division, SFGH Medical Service, still needs male volunteers to help test a new medical treatment for alcoholism. New evidence has shown that the drug, lithium, often used to treat manic-depressive patients, may also be effective in curbing the desire to drink. Unlike Antabuse, lithium doesn't make the patient ill after drinking. Volunteers must be willing to take the medication and visit the clinic regularly for six months. For information call Susan Pond, Fellow in Clinical Pharmacology, or Ruth Vandervoort, coordinator, 565-8165.

Deadline for the next issue of **Today/Tomorrow** which will cover the events from April 23-May 6 will be April 12, 11 a.m. Please send your copy to Allen Balderson, News Services Department, 1475 4th Ave.
